About the Organization:

The Durham County Commissioners are a five-member board with commissioners serving four-year terms. Durham County Government provides services ranging from animal control to zoning with strong support provided to the local Board of Education and School Superintendent. Award-winning programs in our Health Department, IT, Public Library, Social Services, and Tax Departments as well as Government Finance Officers Association (GFOA) recognized reporting in the Finance department, demonstrate Durham County's commitment to better serve our residents, prepare for the future and be a caring, inclusive, and transparent government.

The County is regarded as a fiscally responsible, stable, and well managed government with sound budget and strong fund balance (net assets). For more than 20 years, Durham County has been awarded a Triple A bond rating, a designation attained by only 69 counties in the United States and only six of North Carolina's 100 counties. Durham County has an overall budget of approximately \$760 million with an operating budget of around \$500 million. The County has 27 departments employing about 2,100 FTE employees. The County's goal areas of **Community and Family, Health and Well-Being, Secure Community, Environment and Visionary Government** guide staff in their daily work. Executive leadership is structured around these goal areas and the County Manager is supported by five general managers overseeing each area, and a chief of Staff.

The County has worked hard to increase transparency and to match the community's vision of "*Durham County is a thriving, vibrant and diverse community with abundant opportunity for all residents to live, work, learn, play and grow*" with goals and an actionable [strategic plan](#) that includes a robust implementation and evaluation [process](#). As showcased in this [ICMA focus video](#), the County's collaborative and innovative efforts post Covid so beautifully demonstrated this vision at work. **To learn more about the Community and Organization**, visit the [County website](#).

*Durham County, through its **Community Empowerment and Enrichment** strategic goal, is committed to providing access to educational, vocational, economic, and cultural opportunities while empowering citizens to choose pathways for their own success.*

About the Department and Position:

The Durham County **DSS Director**, reporting directly to the DSS Board of 5 members and working collaboratively with the County Manager, is responsible for overseeing the Department's \$55.5M budget and leading its 550+ employees to execute the Department's mission of partnering with individuals, families, and the community to help its community members achieve physical, social, and financial well-being.

- Every child has access to quality early education programming;
- Every senior age 55 or older has access to quality services that support health, safety and financial well-being;
- Everyone has a safe home, a living wage, employment and financial stability;
- Everyone has access to affordable healthcare; and,
- Youth are engaged as a vital resource in our community.

As the County continues to experience growth and the Department is challenged with a current vacancy rate of 17%, the social services staff are increasingly pressured with navigating and supporting the needs of its constituents. With 14% of the County's population 65+ years old, rising eviction rates and a decline in affordable housing, the Department is seeing an increase in individuals seeking assistance and services from DSS. The next **Director** will successfully balance proactive and reactive approaches to problem solving when navigating both internal and external factors that impact the Department, its services and staff and the overall well-being of the community.

Ensuring every child has access to quality early education programming is a key goal for Durham County Department of Social Services staff.
